As a member of the Assembly, Bob Dutton has continued his commitment to keep public safety the number one priority. With a common sense approach to guide him, the focus of his other efforts as a legislator includes: fighting for small businesses by introducing 3 bills to address the Worker's Comp disaster – AB595, AB596, and AB597; continuing to oppose any tax increases, including opposition to the increase in the Vehicle License Fee; fighting for smaller, more efficient state government with greater accountability to the people; encouraging public/private partnerships to address our social concerns; introducing legislation such as AB1008 to assist California schools in obtaining funds for school construction; and, advocating more local control and accountability.

Underlying all of these efforts is Assemblyman Dutton's belief that a strong economy will solve the budget crisis, create more well paying jobs, encourage businesses to stay and grow in California, and provide a better educational environment for all students.

Prior to his election to the California Legislature, Bob Dutton was twice elected to the Rancho Cucamonga City Council, where he was a strong advocate for public safety, promoted public/private partnerships, and was a champion for youth programs and sports.

Mr. Dutton has served in a leadership role on numerous civic and community organizations including the YMCA, the Community Foundation, the local Chamber of Commerce, the Children's Fund, and the Red Cross. Bob also has 30 years experience as a local business owner, being the founder and CEO of Dutton & Associates, a real estate investment and management firm in Rancho Cucamonga.

Mr. Dutton graduated from Los Angeles Valley College with a degree in Real Estate, and served an unprecedented two terms as Student Body President. He received an honorable discharge from the California Air National Guard.

His wife Andrea is a professor at Chaffey College in Rancho Cucamonga, and their daughter Kara is a student at Cal State San Bernardino.
